UNIVERSITY OF MIAMI HEALTH SYSTEM

MILLER
SCHOOL OF MEDICINE
UNIVERSITY OF MIAMI

*I*t is my pleasure to invite you to **Advances in Dermatologic Surgery™**, the 28th annual meeting of the Florida Society of Dermatologic Surgeons. This name is appropriate as our primary mission as a society is educational, and this meeting will strive to update our membership on the latest information and techniques in dermatologic surgery. Our program chairmen, Dr. Keyvan Nouri and Dr. Terry Cronin, Jr., have once again assembled a faculty of expert national speakers as well as distinguished Florida colleagues who will share with us their expertise in a relaxed learning environment.

The meeting begins Friday morning at 7:00 am with a breakfast buffet in the Exhibit Hall. Breakfast on Saturday and Sunday also begins at 7:00 am. Lectures begin at 8:00 am on Friday and Saturday and at 7:45 am on Sunday. The annual business meeting will be held Saturday during lunch, which will begin at 1:30 pm. All members in good standing, applicants, and residents and guest speakers may attend the lunch, business meeting and Dr. Lober's talk. Clifford W. Lober, M.D., J.D., will be speaking on current medical/legal issues.

Saturday afternoon we will again have the Hands-on Laser/Filler and Botox Workshop with a panel of experts answering questions about products and procedures as other experts demonstrate the products and procedures.

Saturday night promises to be a wonderful evening of entertainment with music, dinner and dancing. Our cocktail reception will be from 6:30 pm to 7:00 pm, followed by our "Dancing Thru the Decades" themed Dinner and Dancing Gala, featuring Solid Gold, a very energetic show and dance band. Children, ages 3 thru 12 will have their own party with dinner and entertainment.

Once again this year's program promises to be an exceptional event. I invite all of you to make plans to attend to advance your professional knowledge, renew friendships and support our society, which is the largest state surgical dermatologic organization in the United States.

Warm regards,

Leonard Slazinski, MD

President, Florida Society of Dermatologic Surgeons

The Florida Society of Dermatologic Surgeons was formed in 1981. Its mission is to promote the highest professional quality of dermatologic surgery, to provide a forum for the exchange of ideas and methodology for dermatologic surgery and related basic sciences, and to recognize those physicians who have become proficient in dermatologic surgery.

It is with great pleasure that I invite each of you to the **Advances in Dermatologic Surgery™** Program, sponsored by the Florida Society of Dermatologic Surgeons. It is an honor to be the Program Chairman for this respectable and renowned society. Our continuous effort is directed toward providing you with the greatest educational experience. With each passing year we intend to build on this tradition bringing new advances in dermatologic surgery together on this platform.

Our sincere attempts have been to assemble world-renowned specialists to enlighten us with their knowledge and skills through didactic sessions on cutaneous oncology, reconstructive surgery, dermoscopy, lasers, PDT, "My Two Best and Worst Surgical Cases" and last but not the least, the Hands-on Laser/Filler and Botox workshops. The laser symposium will be taught this year by three well-known experts: Dr. Arielle Kauvar, Dr. Bob Weiss and Dr. Richard Gregory. Dr. Arielle Kauvar, a Clinical Associate

Professor in the Department of Dermatology, New York University, will deliver a talk on "What's new in Lasers for Facial Rejuvenation?" She is a well-known speaker in the area of laser surgery. Dr. Bob Weiss, the current President of American Society of Dermatologic Surgery, will be lecturing on "Laser Liposculpting." He is an eminent figure in phlebology and lasers. Dr. Weiss will also give a lecture on "Update on Leg Vein Treatments." Dr. Richard Gregory, the Secretary/Treasurer of the American Society of Laser Surgery and Medicine, is a well-known plastic and reconstructive surgeon who will enlighten us on the topic "Laser Skin Rejuvenation- Speed Bumps and Potholes."

Dr. Randall Roenigk is this year's Henry "Bud" Menn Memorial Lecturer. Dr. Roenigk is the President of American Board of Dermatology and a well-known dermatologic surgeon. He is the professor and former Chairman of Dermatology at the Mayo Clinic Rochester. The Leonard Lewis Memorial Lecturer for this year is Dr. Jonathan Cook, a Professor of Medicine in Division of Dermatology, the Director of MOHS and Dermatologic Surgery, and a renowned reconstructive surgeon at Duke University. The Terrence Cronin Sr., MD Surgical Lecture will be given by Dr. Daniel M. Siegel. Dr. Siegel is the Clinical Professor of Dermatology and Director of ACGME Procedural Dermatology Fellowship at State University of New York Health Sciences Center in Brooklyn, New York. The Ferdinand Becker Lectureship in Facial Plastic Surgery will be delivered by Dr. Jonathan Sykes, Professor and Director of Facial Plastic Surgery, UC Davis Medical Center in Sacramento, California.

For the dermoscopy lecture this year we have Dr. Robert Johr, Professor of Dermatology and Pediatrics at the University of Miami. He has authored several books on dermoscopy and is a well-known figure in the field of evaluation of pigmented lesions.

In addition, we have our esteemed member speakers who are going to talk on various interesting and important topics and enhance our knowledge through their lectures. It is because of these excellent speakers that our annual meeting has been recognized at an international level as one of the best and most comprehensive educational sessions in dermatologic surgery, and is aptly named as **Advances in Dermatologic Surgery™**. We will also continue to have abstract presentations from residents and fellows at the Resident/Fellow symposium.

Again this year, we have the Hands-On Laser/ Fillers and Botox workshops which will be demonstrated by Dr. Susan Weinkle, Dr. Mariano Busso, Dr. Oscar Hevia, Dr. Joely Kaufman-Janette and Dr. Richard Gregory and discussed by a panel of experts comprising of Dr. Arielle Kauvar, Dr. Bob Weiss, Dr. Richard Gregory and Dr. Jonathan Sykes. I am positive that their perspectives in dermatology, facial plastic and plastic surgery will be very insightful.

I would take this opportunity to extend my gratitude and thankfulness to the program committee, Dr. Leonard Slazinski, the President of FSDS and Dr. Terrence Cronin Jr., Co-Chairman of FSDS, who have helped with their input and support to make this program an outstanding one. I would also like to thank Dr. David Harvey and Dr. Mario Sequeira for their assistance in organizing the Hands-on Laser/Filler and Botox workshops.

I also thank Ms. Paula Baumgardner for all her great assistance with the entire program.

The FSDS annual meeting's principal focus remains to maintain and augment our members' expertise in dermatologic surgery. We hope to grow, share our knowledge and experiences in a warm and family like setting. I look forward to continue working with the program committee in developing and improving this meeting as one of the best in dermatologic surgery.

I look forward to seeing you at the 28th annual meeting of the Florida Society of Dermatologic Surgeons and thank you for your continual support.

Warm regards,

Keyvan Nouri, MD

Program Chairman, Florida Society of Dermatologic Surgeons

COURSE DESCRIPTION

Advances in Dermatologic Surgery™ is an educational program designed to give dermatologic surgeons the opportunity to gain knowledge on the latest and most advanced techniques of dermatologic surgery. The goal is to equip the attendees with the most up-to-date diagnostic tools, research and treatment strategies which can be incorporated into their daily practice, positively influencing treatment decisions and preventing complications, resulting in optimum patient care. The course includes didactic lectures presented by national and international experts, live demonstrations plus time for informal sharing of information. Topics include melanoma, reconstructive surgery, advances in injectables and fillers, Mohs surgery, dermoscopy and other related topics.

WHO SHOULD ATTEND

The target audience is dermatologic surgeons, dermatology residents, otolaryngologists, plastic surgeons and ophthalmologists who are interested in dermatologic surgery.

COURSE OBJECTIVES

Upon completion of this program participants should be able to:

- Evaluate treatment options for skin conditions requiring surgery
- Recognize and discuss the value of current research of skin diseases, cutaneous oncology and dermatologic surgery
- Discuss recent advances in the diagnosis, management and treatment of skin cancer
- Describe the current trends in skin rejuvenation
- Review current office procedures and integrate new ideas into practice

ACCREDITATION

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the University of Miami Leonard M. Miller School of Medicine and Florida Society of Dermatologic Surgeons. The University of Miami Leonard M. Miller School of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

CREDIT DESIGNATION

University of Miami Leonard M. Miller School of Medicine designates this educational activity for a maximum of 18 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

The Florida Society of Dermatologic Surgeons Annual Meeting is recognized by the American Academy of Dermatology for 18 AAD Category 1 CME Credit(s) and may be used toward the American Academy of Dermatology's Continuing Medical Education Award. AAD Program #330-100.

DISCLOSURE AND CONFLICT OF INTEREST RESOLUTION

All conflicts of interest of any individual(s) in a position to control the content of this CME activity will be identified and resolved prior to this educational activity being provided. Disclosure about provider and faculty relationships, or the lack thereof, will be provided to learners.

The Ritz-Carlton® Orlando Grande Lakes

Come to Orlando's most elegant oasis and discover a relaxed and peaceful resort. From the moment you arrive at this vibrant and elegant resort, you will experience a novel kind of Orlando... one where stellar recreation is balanced by sophisticated style. Inspired architecturally by the grand palazzos of Italy, The Ritz-Carlton® Orlando, Grande Lakes redefines the Orlando experience. You will find a truly international ambience, where you'll be surrounded by European architecture and ornamental flower gardens, and delighted by the tastes of Tuscany, France, and the Americas. The resort includes a 40,000-square-foot Spa, an 18-hole Greg Norman-designed championship golf course, Ritz Kids Club, a Lazy River outdoor heated pool and 6 dining options. For more information about the resort visit www.grandelakes.com

LOCATION

The Ritz-Carlton® Orlando, Grande Lakes is located at 4012 Central Florida Parkway Orlando, Florida 32837. The phone number is 407-206-2400. It is located 2 miles from Sea World, 10 miles from Walt Disney World Resort, 10 miles from the Orlando International Airport and only 8 miles from the Mall at Millenia.

HOTEL RESERVATIONS

Reservations can be made by calling the Ritz-Carlton reservations at **1-800-576-5760**. Make your reservations by September 30 to be assured of the group rate. Group rates are **\$259** for a deluxe room. There is no resort fee.

RESORT PARKING

Both valet and self parking are available. Valet parking is \$20 per night and self parking is \$15 per night. (Subject to change)

SATURDAY EVENING

The Saturday Night Dinner Theme is "Solid Gold—Dancing thru the Decades". Children ages 3 (if potty trained) – 12 will have their own dinner and party.

GOLF

Golf tee times can be reserved online at www.grandelakes.com.
